

Environmental Policy Statement

Issue: 1 Date: 25/11/09 Doc No: Env-02 MA

- To observe all environmental laws, regulations and requirements including those from customers and corporate.
- To respond effectively to environmental concerns involving our facilities and products.
- To minimise and, wherever possible to, eliminate the generation of all wastes.
- To conduct operations in a manner that demonstrates respect for the environment.
- To encourage the development of environmentally sound procedures and to conduct business with the best available technology.
- To maintain environmental monitoring programs which ensure compliance with governmental requirements and these principles.
- To provide training programs that emphasise the individual's responsibility for sound environmental decisions.

To assist in achieving these objectives, we will maintain an environmental management system based on ISO 14001.
