

ET4500 PRO Bundle

18th Edition Multifunction Installation Tester with Certification Software

18th Edition Multifunction Installation Tester with Certification Software

Martindale's ET4500 PRO package is the most comprehensive 18th Edition bundle available. Based around the class leading ET4500 multifunction installation tester with built in loop impedance limits, rechargeable batteries and 3 wire earth test capability, the kit includes essential Martindale test tools and accessories for working on-site. The new bundle includes ET-Link Pro PC software for auto filling of the latest 18th Edition certificates from the tester via USB connection. The software is unique in being able to upload client, location, distribution board and circuit information from a PC to the tester, simplifying testing and saving of results on-site.

Additional Martindale accessories include the BZ1010 socket tester, 3 wire earth testing set, car charger, 50m continuity lead reel and safebreak socket test adaptor.

This has all the essential test tools and accessories to verify the safety of electrical installations to the 18th Edition.

The kit includes:

- 1 x ET4500 Downloading Multifunction Tester with built-in loop impedance limits and red/green pass/fail indicators
- Plus
- 1 x ET-Link PRO PC software for uploading installation details and autofilling of the latest test certificates
 - 1 x PSUHPAT12 in-car charger
 - 1 x BZ101 socket tester
 - 1 x SB13 safebreak socket test adaptor
 - 1 x ERKIT/S three wire earth test set
 - 1 x TL78 50m continuity extension lead
